SIDIKA AVALIN CHARSOOGHI

I am an enthusiastic, dedicated and hardworking person with a great passion for making user-friendly websites. Having the ability of high concentration and logical mind, I put my efforts into solving the problems efficiently. With 10 years of work experience and a master's degree in Computer Science, I have learned how to gradually improve the products step by step. I am a positive individual with strong interpersonal skills who believes to work as a team by considering co-workers' needs.
